It's not too late to maximize your 2024 HSA contribution

[view this email in your browser](#)

Start 2025 by maxing out your HSA for 2024

Did you know that you can make contributions to your HSA for last year right up until Tax Day? That means you can add to your HSA savings, and even max them out, giving you more tax-free funds to invest or spend.

[Make a 2024 contribution](#)

Your contributions, any investment growth, and funds used to pay for qualified medical expenses are tax-free*.

Any after-tax HSA contributions made to your HSA are deducted from your taxable income when you file your taxes, so they could increase your tax refund or at least decrease what you owe.

Keep in mind the annual IRS contribution limits for 2024:

Type of coverage	Max contribution
Individual health care coverage	\$4,150
Family health care coverage	\$8,300
Additional catch-up contribution (age 55+)	\$1,000

Remember, your HSA funds are carried over from year to year, so they always stay with you.

Download the free Fidelity Health® app to manage your benefits whenever—and wherever—you want.
