

## Add your student loan payments to receive up to your full employer match.

To receive your employer match from ABC Student Debt Program, we need to know how much you've paid towards your student loans.

Here's what you need to do:

- Find your loan statements for the student loan payments you've made since you enrolled in the benefit OR since you last added payments.
- Log in to your student debt summary page and select "View/add payments."
- Add any missing payment information, then upload the corresponding student loan statement.

**The process is simple and should only take a few minutes to complete.**

[Add payments now](#)

**The federal temporary on-ramp period ended September 30, 2024.** You're already enrolled in your employer student debt benefit – keep up the good work by making regular payments and uploading statements to receive your full match.
